Chloe the Cheeseburger Breathing Dragon

By Paisley S.
Chloe the cheeseburger breathing dragon lives on an island with ketchup waterfalls and pickle houses.
Chloe flys around the world breathing tasty cheeseburgers to good little boys and girls.
One day Chloe wakes up with a terrible sore throat. She cries mustard tears, "how will the good boys and girls get their tasty burgers today?"
Chloe visited the dragon doctor who said "1 tomato, 2 slices of cheese, and 3 pickles should make you feel better."
The next day Chloe woke up feeling in tip top shape. She was now able to breathe yummy cheeseburgers again!
