WELCOME to the FMVA Studio Crawl

The members of Fargo Moorhead Visual Artists welcome you to our 18th annual Studio Crawl.

FMVA has a great weekend planned and hope you join us to celebrate the artistic side of our community. The Studio Crawl is unique because it invites you into the artists’ studios where the magic of the creative process happens. Artists open their doors for you to take an intimate look into the environment where creativity thrives. If you have ever been curious about the inspiration, technical or creative process that goes into creating art, the Studio Crawl is an excellent opportunity to actively investigate and learn. Invite your family and friends. Make it a weekend adventure!

The ongoing success of the Studio Crawl is an accomplishment FMVA is truly proud of. It is a testament to the high quality and abundance of art in our community.

FMVA is a nonprofit organization that continues to grow in providing art opportunities for our regional visual artists, patrons, art enthusiasts, and community—including exhibitions, professional development, critiques, Visual Talks, social events, and networking opportunities. Volunteers are a large part of our organization along with board members, technical support, and members who coordinate education, communications, membership, professional practices, and programming committees. These dedicated and generous individuals help FMVA support the arts and artists, partner with community, and provide artists with a collective voice.

Your participation in the Studio Crawl and other FMVA events lets us know our efforts are successful. Thank You!

BRENDA LUTHI  FMVA Board President

PS – Interested in getting involved? Consider donating, sponsoring an event, becoming a member, or volunteering to serve on a committee. You will be directly supporting artists in the community and providing vital services to our audiences. Find more information at fmva.org, email us at info@fmva.org and join us on facebook (group and page).

ART EDUCATORS' EXHIBITION

SEPTEMBER 23, 2021 – JANUARY 8, 2022

Fargo Moorhead Visual Artists, North Dakota Arts Education, and Plains Art Museum are coming together to promote and support our state and regional arts educators. This joint exhibition features the artwork of art educators and artists who directly interact in educating others in the visual arts. We recognize this special group of educators, instructors, and advocates who inspire new generations of artists, and we support their contributions to our communities.

Most people are not familiar with the word Encaustic. It’s painting with a specific mixture of beeswax and damar resin—hot, melted wax and a propane torch. My work is a creation in progress. I also make use of oil sticks, pan pastels, photography, and found objects. Because the medium is organic, layered, and hard to predict, it requires both patience and spontaneity. The outcome is a dreamy, ethereal image with texture and appeal unlike any other art form. Stop by my new studio and check out my new botanical pieces. All are welcome to view and feel the art I have created.

I am an Assistant Professor of Practice at North Dakota State University where I teach Graphic Design, Illustration, Animation, Drawing, and Foundations classes in the Department of Visual Arts. My work varies greatly in style and technique and moves between abstraction and figuration, reveling in the exploration of materials and mediums. My work has investigated a wide range of conceptual concerns including reinterpretation of the modernist sublime, impermanence and transcendence, and the human condition as it relates to the landscape and environment.

As well as a story teller in the oral tradition, I am a master crafter and practitioner of “writing stories” on EGGS. Like the hieroglyphs in prehistoric art, egg decoration was an act of expression and communication. And even more, EGGS were gathered and given as gifts for memorable occasions. Decorating EGGS in Spring was a time of celebration.

Yes, EGGS aren’t just for Easter anymore! Let’s revisit the ancient art all year round. Stop, look and listen to EGGstraordinary Readings and have a wonderful EGGsperience!

PEARS is a traditional and contemporary printmaking research facility. Being a part of the SoDAA community we strive to put emphasis on new work, ideas and methods, and interaction among diverse audiences; the studio is an advocate for understanding the past and shaping the future of creative printmaking.

The Studio Crawl is supported in part by a grant from the North Dakota Council on the Arts, which receives funding from the state legislature and the National Endowment for the Arts. The Studio Crawl is also funded in part by the cities of Fargo, Moorhead and West Fargo through a grant from The Arts Partnership.

The FMVA thanks these businesses for providing our artists with discounts as a benefit of FMVA membership.
I usually don’t accept accolades well, but receiving the ‘FMVA-Member of the Year’ award is very special to me. I can’t thank you enough for selecting me from such a large list of worthy individuals. As you may know, I was involved with the inception of FMVA and served on the Board shortly thereafter. As a result, I had the privilege to see the organization’s humble beginnings to the stature it has risen to today. I can recall basic ideas and raw forms of the ‘Studio Crawl,’ Tim Ray’s creation of ‘Professional Practices’ and ‘The Art Burn,’ and Bob Kurkowski as president. I’ve seen the Studio Crawl director and others build that program into a major regional event facilitating sales for participating members while they humanize their creative process and promote their work. So many additional opportunities are now available through FMVA programs making it one of the strongest organizations in our area. It is such an honor to be your ‘Member of the Year’!

With thanks,
Kent Kapplinger
