The Dark Night

by Elijah Mabin
"Dad I can't go to sleep."
"Yes, you can, said Dad."
I need a blanket first said the kid.

So did got a blanket.

Next the kid requested something to drink.
While he was sipping his water, he heard his dad snoring.
The kid tucked his dad in tight and tuned on his noise machine.
And the fun begun...

First, some special treats and a dance party!
Up next: popcorn and a movie!
As the night grew darker, the kid became sleepy and decided to relax with yoga poses.
The kid got his water and blanket and climbed up to his bed and went to sleep.
The Dad woke up and the Kid slept until lunch time!

I may have been extra tired!

YOU Slept so late!!
