7:30PM California's Gold - Slab City

The California desert has always been a place filled with mystery ... and surprises! When you travel through our desert you're never sure what you're gonna see, who you're gonna meet, or what strange and wonderful experiences you're gonna have. Huell Howser discovered that first hand on a recent trip to the Salton Sea community of Niland. At first glance, Niland is a sleepy little agricultural town once known as a major grower of tomatoes. But a few miles out of town -- out in the middle of nowhere -- Huell discovered two honest-to- goodness, little-known pieces of "California's Gold." First Huell visits with self-taught artist and desert character Leonard Knight and gets a tour of "Salvation Mountain," a huge multicolored mosaic of scripture, flowers, trees and the American flag all sculpted into the side of a mountain with adobe, straw, and as much bright paint as Leonard can lay his hands on. "Salvation Mountain" is an on-going labor of love that Leonard started ten years ago and he shares his enthusiasm and his mountain with Huell. About a half mile down the road, Huell next visits a town that is like no other in our state. Everyone lives rent free. There are no landlords, no official rules and there are no utilities or houses, yet over 3,000 people call it home during the winter months. It's called "Slab City" and it sits on the sight of an old abandoned Marine Base. Its citizens are a hearty bunch of independent, self-sufficient folks who have turned this desolate, yet beautiful part of the desert into an unofficial RV park. Huell spends a day touring "Slab City" in a twenty-five year old dune buggy, meets many of its colorful residents, and finds out why so many of them keep coming back year after year. It's a real desert adventure as Huell Howser goes way off the beaten track to find two fine examples

7:30PM California's Gold - Mule Days

They've been a part of the California landscape for hundreds of years, helping to build our canals and highways and railroads, hauling our freight, our silver bullion and, of course, playing a major role during the gold rush era. However, many people are under the false impression that they're stubborn, while others tend to overlook them in favor of the more glamorous horse. But, once a year the good citizens of Bishop, California, in the Sierra Nevada, set aside an entire week to pay tribute to... the mule. Often regarded as one of nature's oddities, a mule is a hybrid animal that results from crossing a mare (female horse) with a jack (male donkey). They come in literally all shapes and sizes, and during Bishop's Mule Days Celebration there's a mule parade, mule races and all sorts of mule competitions. Thousands of people come from all over California to have a good time and to pay tribute to this animal. Host Huell Howser and cameraman Luis Fuerte join in the celebration of this rather remarkable animal which, over the years, has very much proven itself to be a fine example of California's Gold. McConnell Arts Center of Worthington, OH (Pronunciations: Earle=Earl; MojoFlo= Moe-joe-FLOW; Barrie=Barry; Knicole=Ni-COAL, Kolhoff=COAL-hoff; Gnezda=NEZZ-duh). EMILY EARLE - Emily Earle, a graduate of Berklee College of Music, comes by her talent honestly, as she's the niece of Steve Earle. Her songs are a mix of heartfelt lyrics and contagious melodies - falling somewhere between early Miranda Lambert, classic Sheryl Crow, and unmistakable Linda Ronstadt. Influenced by the distinctive places she grew up, Emily combines Texas grit with Colorado cool. Emily's new music gives fans the honesty they've grown to love as well as a fresh edge. Emily co-wrote all six songs on her new EP and had Ashley Monroe, Angaleena Presley, Sarah Buxton, Steve Earle and Audley Freed lend their talents on the album. Emily is currently focused on promoting her new music, set to be released this spring. Her song "News From Colorado," written with Steve Earle and Allison Moorner, is on the new Steve Earle album. MOJOFLO (AMBER KNICOLE, GEORGE BARRIE & WALTER KOLHOFF) - Amber Knicole, George Barrie & Walter Cavanaugh Kolhoff, of the Neo funk group MojoFlo, are known for their captivating stage performance as their infectious rhythms and catchy lyrics. They were named "Best Band" (2016) by both Columbus (OH) Monthly and (614) Magazine for their dynamic live shows featuring Amber's vivacious vocals. MojoFlo has shared the stage with Rebirth Brass Band, Trombone Shorty, Big Sam's Funky Nation, Joan Jett, KC and the Sunshine Band and the Dynamites featuring Charlie Walker. ALFA - A Warner Music Philippines artist, Alfa was born in the Philippine countryside and raised on the East Coast as a classical musician, approaches her pop songs from a unique source, blending dynamic melodies with a sweet but textured voice and an array of instruments - guitar, ukulele, violin, piano, and the occasional kazoo. She draws lyrics from her life's rotating themes, from love to restlessness, to settling down, to self-reliance. Music Connection has called her "an artist who has a spectrum of colors in her palette, a songwriter with a knack for tickling a mainstream ear." Some notable venues played include the NAMM Main Stage, LA's Troubadour, Lincoln Center's Avery Fisher Hall in NYC, and The Bluebird in Nashville. ABOUT THE VENUE - Transformed from a retired high school built in 1915 into a thoroughly modern arts center and performance space, The Peggy R. McConnell Arts Center of Worthington is the home theater of Songs at the Center.

7:30PM California's Gold Mule DaysRepeat of 01/18/2023
07:30PM

They've been a part of the California landscape for hundreds of years, helping to build our canals and highways and railroads, hauling our freight, our silver bullion and, of course, playing a major role during the gold rush era. However, many people are under the false impression that they're stubborn, while others tend to overlook them in favor of the more glamorous horse. But, once a year the good citizens of Bishop, California, in the Sierra Nevada, set aside an entire week to pay tribute to... the mule. Often regarded as one of nature's oddities, a mule is a hybrid animal that results from crossing a mare (female horse) with a jack (male donkey). They come in literally all shapes and sizes, and during Bishop's Mule Days Celebration there's a mule parade, mule races and all sorts of mule competitions. Thousands of people come from all over California to have a good time and to pay tribute to this animal. Host Huell Howser and cameraman Luis Fuerte join in the celebration of this rather remarkable animal which, over the years, has very much proven itself to be a fine example of California's Gold.
