Vegas PBS STEAM Camp
Fridays beginning June 18 at 9 a.m. and 2 p.m.

Have you ever wondered what happens to water after it flushes down your drains? Maybe when flipping on a light switch, you have questioned how electricity travels to your home. Vegas PBS STEAM Camp is a locally produced show, for children ages 6-8, designed to answer these phenomenon-based questions. By transporting kids directly to where Science, Technology, Engineering, Arts and Math (STEAM) is happening in Southern Nevada, the program demonstrates how STEAM concepts extend beyond just subjects learned in school — they help improve our lives and our community!

According to the 2017 State of Nevada Advisory Council on STEM Strategic Plan, “Not enough Nevada students are prepared for the challenging STEM jobs of Nevada’s economy.” The Nevada Governor’s Office of Science, Innovation & Technology adds, “One-third of boys and girls lose an interest in science by the fourth grade and a child’s interest in STEM is largely formed by the time he or she reaches upper elementary and middle school.” Vegas PBS STEAM Camp addresses these needs by sparking children’s curiosity in STEAM through real-world applications across Southern Nevada, with the help of community experts from organizations such as McCarthy Building Companies, NV Energy and the Nevada Department of Transportation.

Every episode includes a variety of simple, fun, hands-on projects teachers or families can do with children to extend the show’s learning goals, using common household items. Local students model how they use science inquiry and engineering design practices, such as observation, questioning, predicting, investigating, building and reflecting, to complete the tasks. Viewers are encouraged to complete the projects at home and share photos and videos of their work through the Vegas PBS STEAM Camp website, at vegaspbs.org/steamcamp, or by tagging @vegaspbs on social media. Librarians from the Las Vegas-Clark County Library District close each program by sharing books available for check out to promote further exploration.

The Vegas PBS STEAM Camp website contains downloadable lesson plans for teachers and afterschool and summer programs. This summer, Vegas PBS is collaborating with non-profits such as Project Access, the Boys and Girls Club of Southern Nevada, and the YMCA of Southern Nevada who will use the program to get kids excited to learn and explore the world around them, far beyond the screen! The first season of Vegas PBS STEAM Camp premiered during the summer of 2020. If you missed those episodes, you can catch them again this month.

The second season will premiere next month and is made possible by a 2021 Nevada STEM Networks grant award. Our list of exciting topics include a flight exploration with the US Air Force “Thunderbirds” team and desert animal adaptations with experts from The Springs Preserve. Episodes can be viewed online after their initial broadcast on the Vegas PBS STEAM Camp website. (Repeats the following Saturday at 8:30 a.m. and Monday at 7 a.m.)

**NOVA: The Ship that Changed the World**

Tuesday, June 4 at 2:30 p.m.

Five centuries ago, the Age of Exploration and Europe's imperial colonization of far-off lands was launched by a revolution in ship design that made long-distance ocean voyages practical. But exactly how this momentous innovation happened eludes historians. Now, the excavation of a rare intact wreck discovered off the coast of Sweden offers vital new clues to a maritime mystery.

**Great Performances: Andrea Bocelli: Believe**

Sunday, June 6 at 6:30 p.m.

Enjoy the songs of the internationally beloved tenor’s 2020 album recorded on location in Malta. Selections performed include “Gratia Plena,” a duet with Cecilia Bartoli, and new interpretations of “Ave Maria” and Leonard Cohen’s “Hallelujah.”

Why We Support Vegas PBS...

I am Terry Helms, founder of the Helms Helps Foundation and this is my daughter Eliza, the vice president. We founded the Helms Helps Foundation in 2018 to give more to the community that we love and to raise awareness for nonprofits that make quantifiable impacts and priceless contributions to the people of Southern Nevada. One way that we do this is through Matching Donation Campaigns.

I first approached Vegas PBS to sponsor our favorite show NOVA, but soon found out that we could promote our favorite non-profits through an underwriting sponsorship that provided much needed awareness of these excellent local organizations. We are proud to support Vegas PBS and to raise awareness for several nonprofits this year, including Foundation Assisting Seniors, Three Square and The Just One Project.

I encourage other individuals or corporations who want to promote their favorite non-profits and also support Vegas PBS to contact the station. This has been a win/win partnership for us, and we hope to support many more non-profits through this innovative and creative strategy.

Please visit our website at helmshelps.org/Match to see who we are supporting this month.

We hope you enjoy NOVA as much as we do.
