The Adventures of Mia and Chris

By: Macie A

Age 6, Kindergarten
Mia played ball with Chris until they stepped on a tulip.
Then they noticed they were in a purple blur until they fell down to the ground and noticed that there were dinosaurs standing around them. They must have traveled back in time!
The dinosaurs started chasing them. They saw a Tyrannosaurus Rex, a Stegosaurus and a Spinosaurus.
Then Chris grabbed Mia's arm and pulled until she stomped her paw on another tulip.
They traveled back to today's time where they were playing ball together. Then they played ball until Chris got way too tired, but Mia had an idea and gave her some water. The End.
