

## Director of Information Technology (I.T.)

Smoky Hills PBS is seeking a Director of Information Technology (I.T.) The Director of I.T. will be responsible for the management, strategy, and execution of the I.T. infrastructure.

### Duties will include, but are not limited to:

- Design, implementation and maintenance of VMware vSphere, Windows Active Directory, and PCI-DSS compliant environments
- Design, install, and maintain local and remote network infrastructure allowing for administration of equipment at remote transmitter sites
- Provide end-user support of hardware and various software systems
- Maintaining and upgrading all company PCs, servers, and various other peripherals
- Assist with maintenance and repair on broadcast equipment and transmitters
- Assist with local productions and master control operations

### Experience/Qualifications:

- Bachelor's degree or equivalent combination of education and experience, preferably in an I.T. related field
- A+ Certification and Network+ Certification, preferred
- Two or more years of technical experience and basic network (TCP/IP) skills
- Experience with installing/maintaining Windows servers, managing an Active Directory infrastructure and administering VMware vSphere and VMware hosts is desired
- Experience with SonicWall, preferred
- Must be a self-starter, resourceful, and able and willing to continually learn and adapt to new technologies
- Ability to work both cooperatively as part of a group as well as in unsupervised conditions
- A valid driver's license is required

### Position:

The Director of Information Technology will be a full time position. Compensation will be based on education and experience. Employee benefits include vacation leave, sick leave, paid holidays, health and dental insurance, and KPERS retirement plan. Position will require some nights and weekends.

### To Apply:

Please email a cover letter, resume, and three references to [hr@shptv.org](mailto:hr@shptv.org). Position open until filled. EEO employer.
