KSPS Community Advisory Board

As part of our mandate from the Corporation for Public Broadcasting, KSPS, as a community licensee, is required to seat an Advisory Board. Such Board will act independently of the governing body of the station (the Friends of KSPS).

The purpose of the advisory board is to provide a vehicle for effective community input to the station's governing body about station programming, community service and impact on the community from the station's major policy decisions.

The advisory board is intended to provide the public the opportunity to be heard on station programming, community service and impact on the community of major policy decisions. All stations are encouraged to establish whatever mechanisms will be most effective, under local circumstances, to accomplish this goal.

The station may exercise a reasonable degree of discretion in selecting advisory board members. The board should be reasonably representative of the diverse needs and interests of the communities served by the station. No individual representative of any particular group has a legal right to membership on an advisory board. Nor does the law empower any person, court, or government agency to require a station take or refrain from taking any action with respect to a station's programming or policies. The composition of the community advisory board must reflect its independent role and may not include members of the station staff or governing body in anything other than an ex officio or administrative capacity.

The Board members should meet at regular intervals and members should regularly attend the meetings of the advisory board. The composition of the community advisory board is reasonably representative of the diverse needs and interests of the communities served by the station.

Community Advisory Board Duties include:

1. Establish and follow its own schedule and agenda, within the scope of the community advisory board's statutory or delegated authority.
2. Review the programming goals established by station.
3. Review the community service provided by the stations.
4. Review the impact on the community of the significant policy decisions rendered by the station.
5. Advise the governing board of the station whether the programming and other significant policies of the station are meeting the specialized educational and cultural needs of the communities served by the station. The advisory board may make recommendations to the governing board to meet those specialized needs.
