Thursday, May 12 at 7 p.m.
Dear valued Pioneer PBS members,

I want to thank you all for the patience you’ve shown while we were in the process of upgrading equipment needed to deliver our broadcast signal to you. We are excited to announce we have nearly completed this work and are close to being back to serving you in the way you’ve grown accustomed to!

Our signal is back to the standards we all expect, and our schedule should be returning to the customized version you have told us works best for you. I also want to let you know the dedicated staff of Pioneer PBS were doing everything within their power to make this transition happen as fast as they could and with the least impact to the viewer as possible. Thank you again for your patience.

The station is entering the final months of our fiscal year. We are wrapping up the latest seasons of award-winning, thoughtful and thought-provoking programs like Postcards, Prairie Sportsman, Prairie Yard & Garden as well as Your Legislators.

We want to hear from you. The spring survey should have arrived in your mailbox recently, and we rely on your feedback to best serve you where you know we can do a better job.

The Postcards team shared their documentary “Made in Sweden” at the American Swedish Institute and plans are in the works for another screening event at the Brau Brothers Brewery in Marshall.

We do what we do because of you, valuable members of our growing community. We are here for you, and we rely on your feedback to best serve you. We want to hear from you. The spring survey should have arrived in your mailbox recently, and we rely on your feedback to best serve you where you know we can do a better job.

Thank you so much for watching, for volunteering, for partnering and for supporting Pioneer PBS! We truly appreciate you.

Respectfully,

Shari Lamke
President & General Manager

You may have noticed that there have been discrepancies between what is being broadcast on Pioneer’s HD 1 channel and what you find in the guide and the schedule page on our website.

This is because a critical piece of equipment failed while we were in the middle of installing new equipment. Rather than showing our specially curated mix of programming that we plan for every month, we have had to use the national PBS feed from satellite. We have managed to create a workaround that allows us to continue to bring you our award-winning local programs on Thursday, Saturday and Sunday evenings, as well as Monday afternoons.

When we return to local programs, we hope to have things back to normal soon.

While the programs listed in this edition of the Pioneer Preview, especially in early May, may not always match what you see on the air, please know that they will soon be back in sync.

Thank goodness for the Pioneer PBS Passport streaming service (learn more at pioneer.org/passport), which allows you to watch just about any PBS program through your streaming device whenever you wish. Thank you so much for your understanding and patience.
