## My Shape Poem

Shape poems take the shape of the subject about which the poet is writing. A poem about a bell might be shaped as a bell. A poem about love may take the shape of a heart.

**Directions:** Choose an object for your shape poem's topic. List words and phrases that describe the look of the object, its use, where it may be found or where its from, how it makes you feel, and other information. Lightly sketch an outline of your object's shape on page two. Write the poem within the shape so that the lines of words create your object. Share your poem. (You may want to leave the name of your object out of the poem and have others guess the topic.)
