

# Positive or Negative?

Directions: Cut out the following pictures and paste into the correct column on the chart.

Recycling paper instead of throwing in the trash

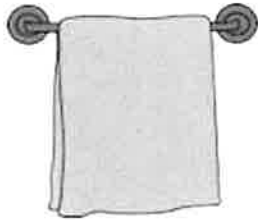

Riding a bicycle instead of a car

Clearing the forest to build a new neighborhood

Donating clothes and toys instead of trashing them

Using paper towels to dry your hands instead of a cloth

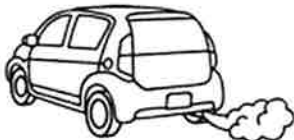

Sending factory smoke into the air for all to breathe

Turning water off when not using

Throwing plastic bottles in the trash

Driving the car when you could have walked

Using cloth grocery bags instead of plastic

Leaving the lights on in the house

Planting trees

Drying clothes outside instead of in a dryer

Dumping chemicals into the water

Carpooling with a friend to school everyday

Using chemical sprays and fertilizers in the garden
