12 Fun PBS KIDS Games to Play in 2022

Happy Birthday to all the MPB Kids Club members who have birthdays in January! Click [here](#) to see if you see your name!

Did you know that PBS KIDS series have interactive games to play too? If your child loves learning and imagining along with Daniel Tiger, the Kratt brothers, and other characters, then the PBS KIDS digital games are sure to become some of their favorite activities.

These games encourage your child to engage in skills related to science, math, creativity and more in gameplay alongside their favorite characters — just like the shows! And the app provides a safe, child-friendly playing experience for all ages. Kids can easily browse and play games at home, on the road, or anywhere. New games are added all the time (there are currently over 200 games!), so there are always new ways to play with their favorite characters.

The games can also inspire you and your children to transition to off-screen pretend play activities, arts and crafts, and science experiments.

Here are 12 new digital games from PBS KIDS to play in 2022!
