

**back^{to}
school**

My Learn-at-Home Checklist

- I know my school bedtime and how to get myself ready.
- I practiced my morning routine 3 times:
clothes on, eat breakfast, brush teeth, move my body
and find my learning area.
- I created a special learning area at home with paper,
pencils, crayons, scissors and a place to sit during
video calls with my teachers.
- I know my teachers' names.
- I have practiced opening the apps and websites
that my teachers will use to help me learn.
- My parent(s) and I made a schedule for the week
and we talked about what each day will look like –
including time for exercise, lunch and play!
