

KEN BURNS PRESENTS
THE GENE

AN INTIMATE HISTORY

Tuesdays,
April 7 & 14
at 8pm

Pulitzer Prize-winning author Siddhartha Mukherjee, MD, and acclaimed filmmaker Ken Burns collaborated on this new documentary inspired by Mukherjee's best-selling book. The program explores today's revolutions in medical science through stories of patients and doctors at the forefront of the search for genetic treatments, interwoven with a history of the discoveries that made this possible and the ethical challenges raised by the ability to edit DNA.
