

DOGS IN THE WILD: A NATURE MINISERIES

PREMIERES FEBRUARY 8 AT 8PM

One family, 37 different faces. This ambitious miniseries travels the globe to reveal the secrets of the most successful carnivore on the planet: the canids. From the recognizable and familiar like foxes, wolves, African wild dogs, and coyotes to the lesser-known ones like the Japanese raccoon dog, New Guinea singing dog, dholes, and dingoes, canids have conquered every continent except Antarctica. Episode 1 is entitled "Meet the Family."
