

MASTERPIECE GUILT

SEASON 2 PREMIERES
AUGUST 30 AT 9PM

After two years behind bars for a hit-and-run, Max (Mark Bonnar) is released from prison. Unable to return to his old job, and with his brother Jake (Jamie Sives) now living in Chicago, Max realizes he's going to have to work for his old accomplice – private detective Kenny Burns (Emun Elliott). Across town, new arrival Erin (Sara Vickers) makes a split-second decision that leaves her having to face part of her history she was hoping to leave behind – and eventually brings her into Max's orbit.
