There are only seven equestrian events around the globe that are "5 Star" – a rating used to describe field competition between the world's greatest horses and riders when they compete in the equine sport version of the triathlon. This month, the event takes place in Fair Hill, Maryland, where horses and riders will contend for honors in cross country racing, the dressage competition, and show jumping. Plus, on October 16, MPT will present a Day of Sports featuring the MPT Sports Desk and a college football match-up between Bowie State and Virginia State.
