

Streaming audio online via SDPB Becker Hansen Conference Room – Pierre

Updated
1/12/2017

- 1: Touch panel to wake screen.
- 2: Touch screen anywhere to power up the system.
- 3: Make any changes necessary for your event (buttons on left of screen: PHONE, DISPLAY, DVD PLAYER, RECORD FEED, PRESS FEED).

- 4: Ensure that the room mics are not muted, by checking the "MUTE MICS" button on the "PHONE" screen (see picture at right). Button will be green when mics are on.

- 5: Turn on streaming to SD.net by touching the "SDPB FEED OFF" button. Button will turn green when feed is active.

NOTE: This screenshot indicates that the room mics are not muted, and that the "SDPB FEED" is active. In this case, audio from the room will be streamed online according to the approved schedule on SD.net.

For in-room technical assistance, please contact DDN video staff: 605-773-3333 ddnschedule@state.sd.us
For assistance with SD.net streaming, please call: 605-677-3935
If the meeting will exceed the scheduled end time, please call: 605-677-3935 to extend the stream.
