### RFP 001-2021-DR-STX REQUEST FOR PROPOSALS WTJX

---

#### **1.0 INTRODUCTION**

The Virgin Islands Public Broadcasting System is the territory's PBS and NPR member stations operating and broadcasting television from WTJX-TV Channel 12 and radio from WTJX-FM 93.1.

#### **1.1 CONTEXT**

In September of 2017, St. Croix sustained a direct impact from Hurricane Maria. The Virgin Islands Public Broadcasting System was not immune to the destruction of such a powerful storm. Hurricanes Irma and Maria caused minor wind and water damage to the building and equipment.

WTJX, in conjunction with VITEMA, has determined that in order to meet current codes and standards (Design, Wind Load; IBC 2018, ASCE 7-16), the facility requires wind retrofit measures to improve the resilience of the building envelope (windows, doors, roof, gutters and downspouts) and building components (electrical, mechanical and security equipment, lighting, etc.) to reduce the risks posed by hurricane force winds and wind driven rain. This project will be funded using FEMA 404 Hazard Mitigation Assistance Grant Program and Community Development Block Grant Disaster Recovery Program funds.

#### **1.2 GOALS AND OBJECTIVES**

The Virgin Islands Public Broadcasting System is requesting bid proposals to retrofit the Estate Richmond building. The WTJX Wind Retrofit project will provide protection to the building's envelope that meets the 2018 International Building Code (IBC 2018), ASCE 7-16 and/or other design requirements as determined through engineering design of each building retrofit's scope of work.

#### **2.0 SCOPE OF WORK**

The respondent will provide a wind retrofit design for WTJX-TV Channel 12 on St. Croix. SOW elements will include (but are not limited to) a combination of one or more of the following activities: installation of hurricane roof straps, hurricane shutters, wind-rated storm (entry) doors, potential enhancement of the existing load path, as well as hardening roof-top equipment, gutters and downspouts, electrical/mechanical or other equipment, external lighting and security equipment, and/or solar panels, fencing or other physical assets on site. The facility will be retrofitted in accordance with the USVI's recently adopted IBC 2018, and the 180 mph Design Wind Speed for the USVI and ASCE 7-16 for wind risks associated with Risk Category IV

(Critical Facilities). Drawings and diagrams have been included in **Appendix A** for further comprehension. PLEASE NOTE THIS IS A REFERENCE ONLY AND VIPBS IS NOT REQUESTING ANY SPECIFIC BRANDS OR COMPANIES BE USED.

## ENCLOSURE DOCUMENT E

### Virgin Islands Public Broadcasting System (WTJX)

#### *CONFLICT OF INTEREST*

**By signing this form, the Respondent certifies that, to the best of its knowledge and belief, there are no relevant facts or circumstances that could give rise to an organizational or personal conflict of interest, for the organization or any of its staff, and that the Respondent, subcontractor, employee, or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the Respondent, subcontractor, employee, or consultant).**

Conflicts may arise in but not limited to the following situations:

- a. Unequal access to information. A potential respondent, subcontractor, employee, or consultant has access to non-public information through its performance on a government contract for disaster recovery services in the Virgin Islands.
  - b. Biased ground rules. A potential respondent, subcontractor, employee, or consultant has worked, in one government contract, or program, on the basic structure or ground rules of another government contract for disaster recovery services in the Virgin Islands.
  - c. Impaired objectivity. A potential respondent, subcontractor, employee, or consultant, or member of their immediate family (spouse, parent, or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of government programs, in offering advice or recommendations to the government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility.
- 1) Proposer must provide the disclosure described above on any actual or potential conflict of interest (or apparent conflict of interest) regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity.
  - 2) In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the WTJX will take appropriate actions to eliminate or address the actual or potential conflict, including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term “potential conflict” means reasonably foreseeable conflict of interest.
  - 3) The Respondent, subcontractor, employee, or consultant agrees that if “impaired objectivity”, or an actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the contracting officer. This disclosure shall include a description of actions that the Proponent has taken or proposes to take to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest).

The Respondent, \_\_\_\_\_, hereby certifies that, to the best of its knowledge and belief, there are no present or currently planned interests (financial, contractual, organizational, or otherwise) relating to the work to be performed under the contract or task order resulting from Request for Proposal No. **RFP 001-2021-DR-STX** that would create any actual or potential conflict

of interest (or apparent conflicts of interest) (including conflicts of interest for immediate family members: spouses, parents, children) that would impinge on its ability to render impartial, technically sound, and objective assistance or advice or result in it being given an unfair competitive advantage. In this clause, the term “potential conflict” means reasonably foreseeable conflict of interest. The Respondent further certifies that it has and will continue to exercise due diligence in identifying and removing or mitigating, to the WTJX's satisfaction, such conflict of interest (or apparent conflict of interest).
