From Little to Big
There once was a little seed named Shea. Shea was always outside with her friends Kayla and Shelly. Both of Shea's friends had already sprouted but Shea was still a little seed.
When she got home she asked her mom why she hadn't started growing yet, and her mom said "One day little Shea, you will sprout." Shea got mad and went to her room.
A couple weeks later Shea woke up and checked if she had grown any, but she hadn't. Still mad, Shea rolled over and stared at the wall till she fell back asleep.
When she got up, she went out of her room and asked her mom again why she still hadn’t grown and her mom said “One day little Shea, you will sprout.” Still upset Shea sat down and ate her breakfast.
When Shea was outside playing with Kayla and Shelly, she feels something weird in her belly. She tells Kayla and Shelly and they get worried. They tell Shea she should go home, so she sprints all the way there.
When she got home, she told her mom what was happening. Her mom said it was probably COVID-19, but Shea said it felt different than that. They stood there for a second when all of a sudden...
BAM! Shea had finally sprouted! She was so excited that she started jumping and flipping around. Her mother told her that they were going to have a party for her growing. She was so excited, she just kept jumping for joy! The End!
